What Is An Exit Interview For A Job(1):

Exit Interview David Westin,2012-05-22 When David Westin became president of ABC News in March 1997 the division was treading water It looked like all the really important news was behind us he writes Hardly For the next thirteen years Westin would preside over ABC News during some of the most important and perplexing events in its history President Clinton s impeachment The tied 2000 presidential election The 9 11 attacks Conflicts in Iraq and Afghanistan The swift boat smear campaign against Senator John Kerry Exit Interview is a behind the scenes look at Westin s tenure and the major news that marked it He takes us inside the chaos of the newsroom alongside major players such as Peter Jennings Barbara Walters Diane Sawyer and Bob Woodruff where what looks clear and certain from the outside is often mired in conflict and urgency Neither an apologia nor a critique the book charts the ups and downs of fourteen formative years in network news addressing basic questions about how our news is reported from the point of view of someone who was there With milestones from the recent past Westin explores the uncertainty inherent in his job and its central question Is it possible for journalists to be both good at their jobs and people of good moral character *Fearless Salary Negotiation* Josh Doody,2015-12-02

Metropolitan Life Insurance Company. Policyholders Service Bureau, 1946 *Glass Half-Broken* Colleen Ammerman, Boris Groysberg, 2021-04-13 Why the gender gap persists and how we can close it For years women have made up the majority of college educated workers in the United States In 2019 the gap between the percentage of women and the percentage of men in the workforce was the smallest on record But despite these statistics women remain underrepresented in positions of power and status with the highest paying jobs the most gender imbalanced Even in fields where the numbers of men and women are roughly equal or where women actually make up the majority leadership ranks remain male dominated The

persistence of these inequalities begs the question Why haven't we made more progress In *Glass Half Broken* Colleen Ammerman and Boris Groysberg reveal the pervasive organizational obstacles and managerial actions limited opportunities for development lack of role models and sponsors and bias in hiring compensation and promotion that create gender imbalances Bringing to light the key findings from the latest research in psychology sociology organizational behavior and economics Ammerman and Groysberg show that throughout their careers from entry level to mid level to senior level positions women get pushed out of the leadership pipeline each time for different reasons Presenting organizational and managerial strategies designed to weaken and ultimately break down these barriers *Glass Half Broken* is the authoritative resource that managers and leaders at all levels can use to finally shatter the glass ceiling
