The Assassination of Fred Hampton Jeffrey Haas, 2019-11-05 Read the story behind the award-winning film Judas and the Black Messiah. On December 4, 1969, attorney Jeff Haas was in a police lockup in Chicago, interviewing Fred Hampton’s fiancée. Deborah Johnson described how the police pulled her from the room as Fred lay unconscious on their bed. She heard one officer say, He’s still alive. She then heard two shots. A second officer said, He’s good and dead now. She looked at Jeff and asked, What can you do? The Assassination of Fred Hampton remains Haas’s personal account of how he and People’s Law Office partner Flint Taylor pursued Hampton’s assassins, ultimately prevailing over unlimited government resources and FBI conspiracy. Fifty years later, Haas writes that there is still an urgent need for the revolutionary systemic changes Hampton was organizing to accomplish. Not only a story of justice delivered, this book spotlights Hampton as a dynamic community leader and an inspiration for those in the ongoing fight against injustice and police brutality.

immediately turned to “closure” rhetoric. Reporters and audiences alike speculated about whether victim’s family members and survivors could get closure from memorial services, funerals, legislation, monuments, trials, and executions. But what does “closure” really mean for those who survive—or lose loved ones in—traumatic acts? In the wake of such terrifying events, is closure a realistic or appropriate expectation? In Killing McVeigh, Jody Lyneé Madeira uses the Oklahoma City bombing as a case study to explore how family members and other survivors come to terms with mass murder. The book demonstrates the importance of understanding what closure really is before naively asserting it can or has been reached.

Footsteps in the Snow Charles Lachman,2014-11-04 NOW A LIFETIME MOVIE CHANNEL DOCUMENTARY It was a shocking true crime that left two families shattered, and became the coldest case in U.S. history. Who really killed little Maria? The question fueled a real-life nightmare in Sycamore, Illinois... 1957. Sycamore, Illinois. Christmas was three weeks away, and seven-year-old Maria Ridulph went out to play. Soon after, a figure emerged out of the falling snow. He was very friendly. Minutes later, Maria vanished, leaving behind an abandoned doll and footsteps in the snow. In April, a spring thaw gave up Maria's body in a nearby wooded area. The case attracted national attention, including that of the FBI and President Eisenhower. In all, seventy-four men and three women fell under suspicion. But no one was ever charged with the crime. Incredibly, fifty-five years later, the coldest case in the history of American jurisprudence would be reopened. It happened after a seventy-four-year-old former neighbor of the Ridulphs named Eileen Tessier made a stunning deathbed confession to her family about a dark past, and a darker secret they knew nothing about. Two families would be joined by despair and retribution, and in an astounding turn of events, Maria Ridulph's killer would finally be brought to justice. INCLUDES PHOTOGRAPHS

*Plunder* Ugo Mattei, Laura Nader, 2008-03-17 Plunder examines the dark side of the Rule of Law and explores how it has been used as a powerful political weapon by Western countries in order to legitimize plunder – the practice of violent extraction by stronger political actors victimizing weaker ones. Challenges traditionally held beliefs in the sanctity of the Rule of Law by exposing its dark side. Examines the Rule of Law’s relationship with ‘plunder’ – the practice of violent extraction by stronger political actors victimizing weaker ones – in the service of Western cultural and economic domination. Provides global examples of plunder: of oil in Iraq; of ideas in the form of Western patents and intellectual property rights imposed on weaker peoples; and of liberty in the United States. Dares to ask the paradoxical question – is the Rule of Law itself illegal?

*Gods in the Global Village* Lester R. Kurtz, 2015-04-01 In a world plagued by religious conflict, how can the various religious and secular traditions coexist peacefully on the planet? And, what role does sociology play in helping us understand the state of religious life in a globalizing world? In the Fourth Edition of Gods in the Global Village, author Lester Kurtz continues to address these questions. This text is an engaging, thought-provoking examination of the relationships among the major faith traditions that inform the thinking and ethical standards of most people in the emerging global social order. Thoroughly updated to reflect recent events, the book discusses the role of religion in our daily lives and global politics, and the ways in which religion is both an agent of, and barrier to, social change.

*Militant Islam* Stephen Vertigans, 2008-10-30 Militant Islam provides a sociological framework for understanding the rise and character of recent Islamic militancy. It takes a systematic approach to the phenomenon and includes analysis of cases from around the world, comparisons with militancy in other religions, and their causes and consequences. The sociological concepts and theories examined in the book include those associated with social closure, social movements, nationalism, risk, fear and ‘de-civilising’. These are applied within three main themes; characteristics of militant Islam, multi-layered causes
and the consequences of militancy, in particular Western reactions within the ‘war on terror’. Interrelationships between religious and secular behaviour, ‘terrorism’ and ‘counter-terrorism’, popular support and opposition are explored. Through the examination of examples from across Muslim societies and communities, the analysis challenges the popular tendency to concentrate upon ‘al-Qa‘ida’ and the Middle East. This book will be of interest to students of Sociology, Political Science and International Relations, in particular those taking courses on Islam, religion, terrorism, political violence and related regional studies.
