Simone De Beauvoir Feminist Theory

Ruth Evans

The Second Sex (Vintage Feminism Short Edition) Simone de Beauvoir, 2015-03-05 Vintage Feminism: classic feminist texts in short form WITH AN INTRODUCTION BY NATALIE HAYNES When this book was first published in 1949 it was to outrage and scandal. Never before had the case for female liberty been so forcefully and successfully argued. De Beauvoir’s belief that ‘One is not born, but rather becomes, woman’ switched on light bulbs in the heads of a generation of women and began a fight for greater equality and economic independence. These pages contain the key passages of the book that changed perceptions of women forever. TRANSLATED BY CONSTANCE BORDE AND SHEILA MALOVANY-CHEVALLIER ANNOTATED AND INTRODUCED BY MARTINE REID

Le Deuxième Sexe Simone de Beauvoir, 1989 The classic manifesto of the liberated woman, this book explores every facet of a woman's life.

Feminist Interpretations of Simone de Beauvoir Margaret A. Simons, 2010-11-01

The Works of Simone de Beauvoir Simone de Beauvoir, 2011-04-28 This collection of classic titles by Beauvoir her most well know writings, The Second Sex and The Ethics Of Ambiguity as well as a biography of her life and a rare interview on her book The Second Sex. French writer and feminist, and Existentialist. She is known primarily for her treatise The Second Sex (1949), a scholarly and passionate plea for the abolition of what she called the myth of the eternal feminine. It became a classic of feminist literature during the 1960s. Her novels expounded the major Existential themes, demonstrating her conception of the writer's commitment to the times. She Came To Stay (1943) treats the difficult problem of the relationship of a conscience to the other. Of her other works of fiction, perhaps the best known is The Mandarins (1954), a chronicle of the attempts of post-World War II intellectuals to leave their mandarin (educated elite) status and engage in political activism. She also wrote four books of philosophy, including The Ethics of Ambiguity (1947). Several volumes of her work are devoted to autobiography which constitute a telling portrait of French intellectual life from the 1930s to the 1970s. In addition to treating feminist issues, de Beauvoir was concerned with the issue of aging, which she addressed in A Very Easy Death (1964), on her mother's death in a hospital. In 1981 she wrote A Farewell to Sartre, a painful account of Sartre's last years. Simone de Beauvoir revealed herself as a woman of formidable courage and integrity, whose life supported her thesis: the basic options of an individual must be made on the premises of an equal vocation for man and woman founded on
a common structure of their being, independent of their sexuality. Table of Contents: The Second Sex, On the publication of The Second Sex, interview The Ethics of Ambiguity, Biography

Simone de Beauvoir, Philosophy, & Feminism Nancy Bauer, 2001 In the introduction to The Second Sex, Simone de Beauvoir notes that a man never begins by establishing himself as an individual of a certain sex: his being a man poses no problem. Nancy Bauer begins her book by asking: Then what kind of a problem does being a woman pose? Bauer's aim is to show that in answering this question The Second Sex dramatizes the extent to which being a woman poses a philosophical problem. In exploring what it might mean to philosophize as a woman, Beauvoir produced a book that not only sparked the contemporary feminist movement but also, Bauer argues, made an important but still profoundly undervalued contribution to the philosophical tradition.

The Second Sex Simone de Beauvoir, 1988 Newly translated and unabridged in English for the first time, Simone de Beauvoir's masterwork is a powerful analysis of the Western notion of woman, and a groundbreaking exploration of inequality and otherness. This long-awaited new edition reinstates significant portions of the original French text that were cut in the first English translation. Vital and groundbreaking, Beauvoir's pioneering and impressive text remains as pertinent today as it was sixty years ago, and will continue to provoke and inspire generations of men and women to come.

Simone de Beauvoir Toril Moi, 2008-01-10 For the second edition of her landmark study of Simone de Beauvoir, Toril Moi provides a major new introduction discussing current developments in Beauvoir studies as well as the recent publication of papers and letters by Beauvoir, including her letters to her lovers Jacques-Laurent Bost and Nelson Agren, and her student diaries from 1926-7.

Feminist Writings Simone de Beauvoir, 2015-03-01 The philosopher's writings on, and engagement with, twentieth century feminism By turns surprising and revelatory, this sixth volume in the Beauvoir Series presents newly discovered writings and lectures while providing new translations and contexts for Simone de Beauvoir's more familiar writings. Spanning Beauvoir's career from the 1940s through 1986, the pieces explain the paradoxes in her political and feminist stances, including her famous 1972 announcement of a conversion to feminism after decades of activism on behalf of women. Feminist Writings documents and contextualizes Beauvoir's thinking, writing, public statements, and activities in the services of causes like French divorce law reform and the rights of women in the Iranian Revolution. In addition, the volume provides new insights into Beauvoir's complex thinking and illuminates her historic role in linking the movements for sexual freedom, sexual equality, homosexual rights, and women's rights in France.

Simone de Beauvoir Ursula Tidd, 2009-09-01 Following its publication in 1949, The Second Sex quickly became one of the fundamental works of feminist thought. In it, Simone de Beauvoir (1908-86) offered up a statement that has informed nearly all feminist and gender scholarship that has followed, “One is not born, but rather becomes, a woman.” And it is the woman
Beauvoir became who continues to fascinate, fostering a legend of coffee-drinking Parisian intellectuals debating existentialism in smoky cafes along the Left Bank. Beauvoir lived through some of the most dramatic and significant events of the twentieth century, and a time of enormous change for women across the world. Her personal and intellectual companions were one and the same—and as a result, her intimate relationships with Jean-Paul Sartre and Nelson Algren provide a captivating context to the development of her ideas. In this concise and up-to-date critical appraisal of both the life and words of Beauvoir, Ursula Tidd illuminates the many facets of the feminist icon’s complex personality, including her relentless autobiographical drive, which led her to envision her life as a continuously unfolding narrative, her active involvement in twentieth-century political struggles, and how Beauvoir the woman has over the decades become Beauvoir the myth. 2008 marked the centenary of Beauvoir’s birth, yet her ideas continue to reverberate throughout contemporary scholarship. This critical biography will benefit any reader seeking insight into one of the most prominent and intriguing intellectuals of the twentieth century.

Beauvoir and The Second Sex Margaret A. Simons, 2001-02-07 In a compelling chronicle of her search to understand Beauvoir's philosophy in The Second Sex, Margaret A. Simons offers a unique perspective on Beauvoir's wide-ranging contribution to twentieth-century thought. She details the discovery of the origins of Beauvoir's existential philosophy in her hand-written diary from 1927; uncovers evidence of the sexist exclusion of Beauvoir from the philosophical canon; reveals evidence that the African-American writer Richard Wright provided Beauvoir with the theoretical model of oppression that she used in The Second Sex; shows the influence of The Second Sex in transforming Sartre's philosophy and in laying the theoretical foundations of radical feminism; and addresses feminist issues of racism, motherhood, and lesbian identity.

Sex and Existence Eva Lundgren-Gothlin, 1996 This work provides a full-scale analysis of the philosophical foundations and structure of The Second Sex. Lundgren-Gothlin reveals how Beauvoir developed her phenomenological philosophy by means of Hegelianism and Marxism.

An Analysis of Simone de Beauvoir's The Second Sex Rachele Dini, 2017-07-05 Simone de Beauvoir’s 1949 book The Second Sex is a masterpiece of feminist criticism and philosophy. An incendiary take on the place of women in post-war French society, it helped define major trends in feminist thought for the rest of the 20th century, and its influence is still felt today. The book's success owes much to Beauvoir’s brilliant writing style and passion, but both are rooted in the clarity of her critical thinking skills. She builds a strong argument against the silent assumptions that continually demoted (and still demote) women to “second place” in a society dominated by men. Beauvoir also demonstrates the central skills of reasoning at their best: presenting a persuasive case, organising her thoughts, and supporting her conclusions. Above all, though, The Second Sex is a masterclass in analysis. Treating the structures of contemporary society and culture as a series of arguments that tend continuously to demote women, Beauvoir is able to isolate and describe the implicit assumptions that underpin
male domination. Her demolition of these assumptions provides the crucial ammunition for her argument that women are in no way the “second” sex, but are in every way the equal of men.

Simone de Beauvoir's The Second Sex Ruth Evans,1998 Acknowledged by many feminists as the single most important theoretical work of the twentieth century, Simone de Beauvoir's The Second Sex (1949) nevertheless occupies an anomalous place in the feminist 'canon'. Yet it has had an undeniable impact, not only on the development of critiques of sexual politics but on twentieth-century western thinking about the concept of ‘woman' in general. This collection of six new essays by scholars from the disciplines of French, English literature, history, cultural criticism, feminist theory and philosophy makes a valuable contribution to the task of re-reading and reassessing this enormously influential text for a new generation of feminist readers, and also for cultural theorists, for whom the question of 'the feminine' is at the centre of key debates in philosophy and postmodernity. The contributors provide a significantly new rethinking of the place of The Second Sex in cultural history and of women and representation, the role of 'fictions' and the problem of ethical agency in the work of the leading intellectual woman of this age.

Feminist Theory & Simone de Beauvoir Toril Moi,1990

The Independent Woman Simone De Beauvoir,2018-11-06 “Like man, woman is a human being.” When The Second Sex was first published in Paris in 1949—groundbreaking, risqué, brilliantly written and strikingly modern—it provoked both outrage and inspiration. The Independent Woman contains three key chapters of Beauvoir’s masterwork, which illuminate the feminine condition and identify practical social reforms for gender equality. It captures the essence of the spirited manifesto that switched on light bulbs in the heads of a generation of women and continues to exert profound influence on feminists today.

Simone de Beauvoir and the Politics of Ambiguity Sonia Kruks,2012-12-06 A study of Simone de Beauvoir's (1908-1986) political thinking. The author locates de Beauvoir in her own intellectual and political context and demonstrates her continuing significance.

The Works of Simone de Beauvoir Simone de Beauvoir,2015-01-11 Some of the best of Simone de Brauvoir has been collected and compiled in this master book of her work. Included in this book is: Includes: The Ethics of Ambiguity, The Second Sex, On the publication of The Second Sex, interview Biography

The Routledge Philosophy Guidebook to de Beauvoir and the Second Sex Nancy Bauer,2015-04-01 Simone de Beauvoir's The Second Sexis the most important work of feminist philosophy ever published and one of the great texts of the Twentieth century. Renowned for introducing the theory of woman as the ‘Other’ it is a widely-studied text that continues to exert profound influence on feminist thought. The Routledge Guidebook to De Beauvoir and The Second Sexintroduces and assesses: De Beauvoir’s life and the background of The Second Sex The ideas and arguments of The Second Sex De
Beauvoir’s continuing importance to feminist theory and philosophy. This book is essential reading for all students of feminism, gender studies, philosophy, and literary studies and ideal for anyone reading de Beauvoir’s classic work for the first time.

**Existentialism, Feminism and Simone de Beauvoir** J. Mahon, 2015-12-17 Simone de Beauvoir made her own distinctive contribution to existentialism in the form of an ethics which diverged sharply from that of Jean-Paul Sartre. In her novels and philosophical essays of the 1940s she produced not just a recognizably existentialist ethics, but also a character ethics and an ethics for violence. These concerns, stemming from her own personal philosophical background, give a vital, contemporary resonance to her work. De Beauvoir's feminist classic The Second Sex reflects her earlier philosophical interests, and is considerably strengthened by this influence. This book defends her existentialist feminism against the many reproaches which have been levelled against it over several decades, not least the criticism that it is steeped in Sartrean masculinism.

**Simone de Beauvoir's Philosophy of Individuation** Laura Hengehold, 2017-09-01 Laura Hengehold presents a new, Deleuzian reading of Simone de Beauvoir's phenomenology, the place of recognition in The Second Sex, the philosophical issues in her novels, the important role of her student diaries and her early interest in Bergson and Leibniz.
